

## INCUBATION & INNOVATION CENTRE

The college has taken utmost care to set up incubation and innovation centre which promotes the flair for research and creativity amongst the staff and students. This centre was launched on 10<sup>th</sup> February 2022 on the eve of International Day of Women and Girls in Science which is generally observed on 11<sup>th</sup> February every year. With this baby vision in mind, the hidden passions and aspirations of students are given a vent. This centre is fully functional and carries out several activities in a phased manner to support the ideation of staff & students.
